*About this project Analysis of this project: This project was designed by me for the module Applied Project & Dissertation with the purpose being to complete an online banking system using a MERN(Mongo, Express, React & Node) stack. The project should allow user to login, view statements, takeout loans, perform transactions and will show the user there monthly and yearly expenditures using graphs. The project will also be secure and utilize user accounts using a mongo Database to ensure that the users account is secure.

Introduction The introduction should be about three to five pages long. Make sure you use references einstein

Context itemize

P rovide a context for your project.

S et out the objectives of the project

B riefly list each chapter / section and provide a 1-2 line description of what each section contains.

L ist the resource URL (GitHub address) for the project and provide a brief list of the main elements at the URL.
